# REVOX

INVISIBLE SPEAKERS  
+ SUBWOOFERS

#### INSTALLATION SITE

Flush-mounted in dry-walls or solid walls. Coverings: wallpaper, paint, wooden composite board, ceramic materials and others

WALL COVERING

Revox INVISIBLE SPEAKER

DRYWALL OR SOLID WALL

#### MATERIAL

Composite polymer membrane with excellent acoustic properties and special cover layers for optimum adhesion.

#### SLIM DESIGN

Low installation depth is suitable for almost any structural application.

## REVOX INVISIBLE SPEAKERS FLAT-PANEL SPEAKERS - INVISIBLE INSTALLATION

Invisible speakers from Revox are not just ordinary flat-panel models. They are integrated design elements, miracles of surround sound, convenient PA systems and much more besides.

Their versatility in accommodating any conceivable room design is incredible – whether in walls, ceilings, facades, decorative materials or cabinets. They can be built in virtually any shape or material and to meet almost any structural requirement. These capabilities enable their use in particularly demanding locations – both indoors and outdoors.

#### DISPERSION PATTERN

Revox Invisible Speakers create a sound pattern that fills the room.
