

## OVERVIEW B77 MK III Stereo Tape Recorder

Tape recorder for playback and recording	x
Electronic coils (wound in-house at Revox KLANGWERK)	x
Balanced XLR input/output	x
Electronic balancing input/output	x
Use of high-quality film capacitors instead of conventional electrolytic capacitors in the Audio electronics	x
Switch for CCIR/NAB equalization switching	x
Output level setting	x
Input level setting	x
Switching option 7 1/2   15 IPS (19/38)	x
Possibility to switch between different magnetization during playback and recording 19 cm/sec = standard Revox 257 nWb/m and 400 nWb/m 38 cm/sec = 320 nWb/m and 510 nWb/m (can also be individually adjusted in the device via potentiometer)	x
Optimized playback of LPR90 long playback tape and SM900 studio tape	x
Headphone connection DC-coupled, bipolar (film capacitors)	x
Digital totalizer Mode 1:Counter Mode 2:Time	x
Original winding motors with ball bearings	x
Original Capstan motor with ball bearing	x
Improved original Revox pickups - further optimized for longer durability	x
Accessories included: XLR-RCA/Cinch adapter	x
Optionally available for multiuser integration: Multiuser Adapter Global Cache	x
Coil size pushbutton	x
Cutter slide button	x
PAUSE	x
Rewind	x
Fast forward	x
PLAY	x
STOP	x
RECORD	x
Volume control	x
Level indicator LEFT CHANNEL	x
Level indicator RIGHT CHANNEL	x
TAPE/Input switch Monitor (rear band control)	x
Operating mode switch Monitor	x
Recording preselection switch REC L, ON/OFF	x
Recording light indicator, left channel	x
Input level control INPUT LEVEL left channel	x
Input level control INPUT LEVEL right channel	x
Recording preselection switch REC R, ON/OFF	x
Recording light indicator, right channel	x
Overload indicator, left channel	x
Overload indicator, right channel	x

## OVERVIEW B77 MK III Stereo Tape Recorder

Microphone input R / L	x
Input selector switch left channel	x
Input selector switch right channel	x
MIC LO	x
MIC HI	x
OFF	x
LINE	x
Voltage selector LINE Voltage Selector	x
Mains connection AC POWER	x
FUSE mains fuse	x
Connection for external belt speeds CAPSTAN SPEED	x
Connection for TAPE DRIVE drive remote control	x
Band limit switch with infrared light barrier	x

**Specifications:**

Size : W 452 x H 414 x D 207 mm  
Weight: 17 kg
