

Botanic 50

For an elegant, surprising and very sonorous musical experience - indoors and outdoors.

A sounding plant pot. Easy to use and connect. For indoor use, e.g. in the living room or entrance area, and outdoor use, e.g. on the terrace or by the pool. Thanks to powerful and invisibly placed INVISIBLE speakers from Revox, the sides of the plant pot are used for impressive sound reproduction.

Special covers on all 4 sides of the Botanic protect the speaker(s) and enhance the sound reproduction.

Thanks to this protected installation of the speakers, the Botanic is weatherproof and can also be used flexibly outdoors.

OVERVIEW VARIANTS
