REVOX BOTANIC

A UNIQUE LOUDSPEAKER

REVOX BOTANIC

A UNIQUE LOUDSPEAKER

For an elegant, surprising and very sonorous musical experience - outdoors and indoors.

Visually perfect and individually integrated into the respective home design, the Botanic offers acoustic highlights.

For use indoors, e.g. in the living room or in the entrance area, as well as outdoors, e.g. on the terrace or by the pool.

The Revox Botanic is available in the color anthracite and in two sizes (50x50x50cm and 70x70x70cm) in different designs. It is handmade from fiberglass and is stable, dimensionally stable and weatherproof due to the special material properties.

BENEFITS:

- Impressive sound reproduction
- Very special and individual audio solution
- Handmade
- Easy to use and connect
- For outdoor and indoor use
- Waterresistent
- Wide-area sound dispersion
- Can be operated with any conventional amplifier
- Optimal playback is achieved with Revox DSP amplifiers

APPLICATIONS:

The Revox Botanic is the special audio solution in private environments or in the hotel or catering industry as well as in public buildings.
